

Tuesday Morning Corporation Announces First Quarter 2012 Results

DALLAS, Oct. 24, 2011 (GLOBE NEWSWIRE) -- **Tuesday Morning Corporation** (Nasdaq:TUES) today reported that, as previously announced, net sales for the first quarter ended September 30, 2011 were \$170.7 million compared to \$172.8 million for the quarter ended September 30, 2010, a decrease of 1.2%. Comparable store sales decreased 4.1% for the first quarter of fiscal 2012 as compared to the same period last year. The decrease in comparable store sales was comprised of a 5.2% decrease in traffic and a 1.1% increase in average ticket. Net loss for the first fiscal quarter ended September 30, 2011 was \$5.7 million, or a \$0.13 loss per diluted share, compared to a net loss of \$2.6 million, or a \$0.06 loss per diluted share, for the same period last year.

Kathleen Mason, President and Chief Executive Officer, stated, "We remain focused on our previously announced initiatives. Our efforts are concentrated on our monthly event mailer, our internet business and our real estate strategy of continued store relocations and replacements. As we move from testing the mailer and internet initiatives, to implementing them in the back half of our fiscal year, we expect to begin to realize their impact on our business."

Financial Results for the First Quarter Ended September 30, 2011

Gross Profit - Gross profit decreased \$1.8 million, or 2.7%, to \$65.0 million for the first quarter ended September 30, 2011 as compared to \$66.8 million for the same quarter last year. As a percentage of net sales, gross profit decreased to 38.1% compared to 38.7% for the corresponding period in fiscal 2011. While merchandise margins increased due to carefully managed product mix, a decline of 0.6% in gross profit percentage in the first quarter ended September 30, 2011 was primarily the result of an increased rate of markdowns and increased freight costs compared to the same period last year.

Selling, General and Administrative Expenses ("SG&A") - SG&A for the quarter ended September 30, 2011 was \$73.5 million versus \$70.3 million in the same quarter last year. As a percentage of net sales, SG&A increased to 43.1% in the first quarter of fiscal 2012 from 40.7% in the same quarter last year. On a per store basis, SG&A was up 3.0% year over year. In addition to the deleveraging of expenses on lower sales volume, rent was higher due to the expansion of square footage in newer stores along with higher air conditioning repairs and utility expenses resulting from hot weather conditions. Advertising expense was also up slightly year over year.

Balance Sheet and Share Repurchase Program

Inventory was \$306.2 million on September 30, 2011, flat to last year's inventory balance of \$306.5 million at September 30, 2010. On a per store basis, inventory decreased 1.4% compared to last year. Net property and equipment was \$75.4 million at September 30, 2011 compared to \$73.7 million at September 30, 2010, an increase of \$1.7 million.

Accounts payable was lower at September 30, 2011 by \$16.7 million versus the same period last year due to the timing of receipts versus the same period last year. There were no significant changes to our vendor payment policy during the quarter. At September 30, 2011, we had \$13.5 million outstanding under our revolving credit facility and outstanding letters of credit, primarily for insurance programs, were \$8.3 million. At September 30, 2011, we had a cash balance of \$5.2 million and availability of \$151.5 million under our revolver and we were in compliance with the terms of our credit facility.

On August 22, 2011, we announced that our Board of Directors authorized a stock repurchase plan providing for the purchase in the aggregate of up to \$5 million of our outstanding common stock. During the quarter ended September 30, 2011, we repurchased 309,900 shares of our common stock at a weighted average cost of \$3.78 per share and a total cost of approximately \$1.2 million.

Store Activity

We operated 853 stores in 43 states as of September 30, 2011. During the first quarter of fiscal 2012, we opened 6 stores, relocated 10 stores and closed 14 stores.

Fiscal Year 2012 Guidance

Based on these results, we are maintaining our most recent guidance for the full fiscal year ending June 30, 2012. Net sales for fiscal 2012 are expected to be in the range of \$828 million to \$834 million. Comparable store sales are expected to be in the negative low single digits and earnings per diluted share are expected to be in the range of \$0.22 to \$0.26. For fiscal 2012 capital expenditures are expected to be \$15 million, and we expect to increase total square footage by approximately 2%.
